

X Platform

Features:

- Waterproof aluminum die casting platform
- IP68 (NEMA6P) certified by SGS
- Patented X structure tested with ANSYS and actual platform for strength and deformation

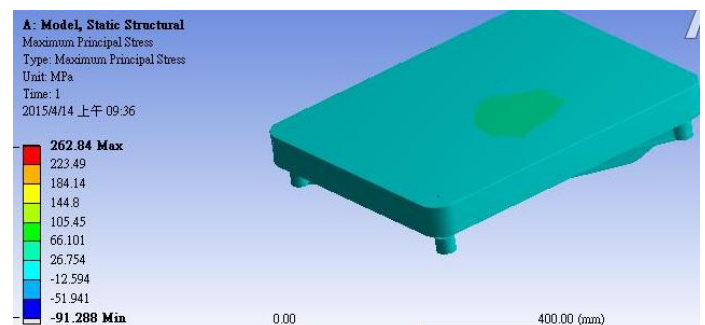

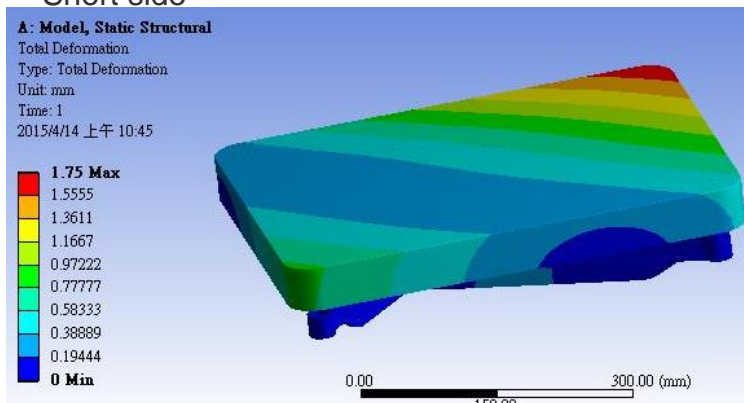

Long side

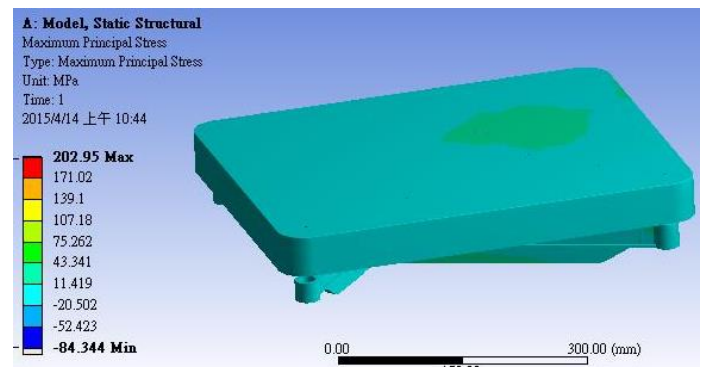

Deformation

Short side

Stress

4 Corner Test:

1 and 2 are short side

3 and 4 are long side

Resolution up to 30,000

Capacity up to 300kg

- Balance design for strength and weight makes its lighter and easier to carry
- 304 Stainless steel platter with 2 dimensions 40*50 mm or 42*52mm
- Load cell protected by sealed compartment
- Frames coated with anti-corrosion paint
- Cord protection cover prevents short circuit and electric shock.
- Adjustable stainless steel foot support

Specification:

Items \ Model	X platform
IP level	IP68
Platter depth	50mm
Capacity	60~300kg
Support resolution	Up to 1/30,000
Platter Thickness	Stainless Steel Stamping: 1.5mm Steel-Welded: 1.2mm
Platter type	Stainless Steel Stamping Stainless Steel-welded
Platform dimensions (W x D x H)	420 x 520 x 130mm 400 x 500 x 130mm
